

**Probus Club of Glen Osmond  
General Meeting 495 Minutes  
Monday 2<sup>nd</sup> February 2026**

**Opening** 10.00am. President Mary Dawes opened the meeting and welcomed members.

**Eulogy** For Mary Mould, delivered by Andrew McEwin

I am saddened to tell you that Mary Mould died on Friday January 9<sup>th</sup> after a valiant fight against multiple illnesses.

Mary and I attended the Victor Harbor Primary School. Mary's father was the very popular Lord Mayor of Victor Harbor. Shortly after Mary and I went to Adelaide to school, the Primary School was relocated and the Woolworths complex now stands on the site.

Mary and I used to joke about belonging to an exclusive group, the Victor Harbor Primary School Old Scholars Association. They are not making any new members and the membership grows smaller as the years pass. Old scholars of a school that no longer exists.

In 1957 Mary and I started boarding in Adelaide. Mary has recorded her memories of boarding at PGC. Years later her own daughter followed.

After school, Mary married Ian Mould and headed north of Pt Augusta to Uno Station and a life in the Far North pastoral zone. Mary and Ian had two sons and a daughter. Mary home-schooled them through School of the Air, a long way from the Victor Harbor Primary School. Mary became very involved in the ICPA, the Isolated Children's Parents Association.

Mary is survived by her children Henry, Hamish and Tiffany and grand-daughters Abigail, Phoebe, Annabel, Victoria and Olivia. Ian's poor health no longer allows him to attend Probus meetings. We will miss Mary and Ian at our meetings and events.

**Apologies** Peggy Barker, Brian Cohen, Pat Cohen, Kaye Leaker, Jill Oliver, Tom Pearce.

**Birthdays** Charles Griscti, Eva Kreminski, Robin McKay, Margaret McKinnon, Penny McTaggart, Ian Mould, Jill Oliver, John Sheat, Marg Wagner.

### **An anecdote from Bob**

Bob Brummitt presented to the meeting an interesting story from his time as a young locum in country SA. He received a phone call from an experienced mother to say that she was worried about a “shadow” that had passed over her 6 month old baby with no visible signs of anything wrong.

Bob visited and after close inspection thought the child may have an infection. He worried about meningococcal disease and took a lumbar puncture in hospital. A lab technician under a high powered microscope confirmed meningococcal septicaemia, a very rare disease seen only

once or twice a year (compared with 12 or so a year with meningococcal meningitis). Unfortunately the baby died within 12 hours.

### **Story time with Andrew**

Andrew McEwin offered the story about a Scot who took a short time loan of \$5000 from a bank, putting up an Alfa Romeo car as security parked at the Bank's garage.

Returning he paid back the loan and \$15 interest, noting that where else would you get a cheaper carpark for a month?

### **11.00am Guest Speaker**

Kate Kenning, team leader for the Home Support Program of Burnside Council, offered insight into the program for those over 65 still living in their own home. The aim is to help people stay at home as long as possible, healthy and independent.

*The gateway to any services in Australia is via My Aged Care applying directly by phone for a home assessment.* A specific support program is determined and referral codes given to approach providers of your choice. You can go back for other referrals when things change.

Burnside Council offers as a Commonwealth Home Care Package (CHCP) access to:

- The Shed, in Conyngham Street, for men and women
- Men's Breakfast – every Monday
- Exercise groups at several community centres
- Social activities – bus trips, singing, chess etc.
- Home and Garden Maintenance
- Transport – by community car or community bus

After answering several questions Kate was thanked by Ken Watson with acclamation from the audience.
