OPEN GARDENS SOUTH AUSTRALIA

Fourteen gardens to visit on the 14th and 15th February 2026.

This festival is dedicated entirely to edible gardening — celebrating the growing trend of producing your own fresh, nutritious food at home.

From suburban veggie patches to larger fruit orchards, each garden showcases how everyday people are growing:

- Flavour-filled vegetables
- Fresh-tasting fruits
- Herbs, berries, and more

Visitors will see various approaches to productive gardening, including vertical frames, netted and enclosed patches, a wide range of wicking beds, specialised irrigation systems, espaliered fruit trees, and effective methods for dealing with challenges from birds and possums.

Garden owners will be on hand to discuss composting, soil care, seed saving, and other techniques that support productive growing.

The proceeds from this event will be donated to **Food On The Table**, supporting this amazing organisation to provide meals to people in need here in South Australia.

SMILE

My friend went bald years ago but still carries around an old comb with him. He just can't part with it.

The invention of the shovel was a ground breaking discovery, but the invention of the broom was the one that truly swept the nation.

I asked my friend to spell wonton backwards he said "not now".

Three years ago my doctor told me I was going deaf. I haven't heard from him since.

I don't want to brag, I finished the puzzle in under a week and it said 2-4 years on the box.

My boss told me to have a good day, so I went home.
