Oct	Geoff Smith, Cherry Pitman, Sue Rannie	Geoffrey Smith
Nov	Susan Hanson, Maxine Arblaster, Jenny Arnold	Alister Rhook

VALE – FRANK GLENNON

Frank was a Foundation member from October 1997-April 2014. Graham Brownlow will speak in tribute to Frank.

Celebrating our Foundation Members

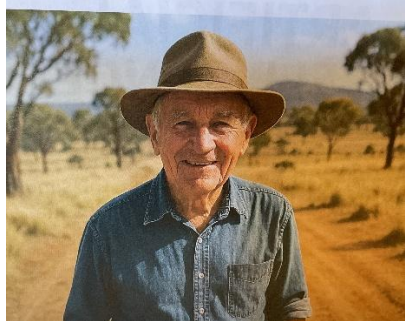

Would you believe the Probus Club of Albury Murray held its inaugural meeting on the 22nd October 1997, same as today with 130 plus Foundation Member. Our meeting today celebrates those existing Foundation Members who are still active in our Club in 2025. Nine active Foundation Members will share some of their highlights over the last 28 years and their message for any new members – come and enjoy some Fun, Friendship and Fellowship. Guests are welcome to attend a couple of meetings to get the 'feel' of our club before applying to join.

Christmas is coming!

Don't forget our **Christmas lunch on Wednesday 10th December**, 12.00 for 12.30 at the Commercial Club. Cost is \$45 for Probus members, \$50 for non-members. Names to June, payment at the Nov meeting or by bank transfer (put your name and Christmas on the transfer).

World Affairs Discussion – Positives and Negatives of Artificial Intelligence (AI) and can the older generation benefit?

Twenty people gathered to listen to Associate Professor Dianne McGrath, from CSU. She gave us a clear explanation of what AI is, where it has come from, and why it seems to be everywhere at the moment. It is a big topic and while we may feel a bit left out of these rapid technology developments our speaker reminded us that we all have a responsibility for how future use of AI will evolve. AI uses everything it sees, but it can't determine what is true or false, so we need to be responsible about what is posted and amplified – the more something gets pushed around the internet, the higher it goes up the AI index.

What's his name? It's on the tip of my tongue!

We need to develop skills in scepticism and teach that to the next generation. As an example Dr McGrath introduced us to this **older, regional, Australian, image** generated by Co-pilot, which decided that the image would be that of a male, using the prompts in bold.

Trips and Activities at a glance
