Newsletter No.10 Dec 2025**

Happy Holiday Season to all our members and their families

CHRISTMAS is nearly upon us. By the time you are reading this, we will all be celebrating in true Probus fashion – fun and fellowship – with our Christmas luncheon at Waverley Greens.

Looking back on our first year of existence, it's been fun and fellowship all the way. There seem to be a lot of lunches. But always framed with harbour cruises in heritage vessels, or ferry trips to take advantage of our Opal card discounts, or in the aftermath of interesting and educative talks from our guest speakers at our well-attended monthly meetings.

It's been a joyous ride so far. Your committee is now planning the AGM which is held by all Probus clubs in March. You might start thinking now of what new activities you might like us to explore, or of how we might improve our services to you, or of how you might wish to be more fully engaged in our operation perhaps as a committee member or an event organiser. Let us know.

Happy Holidays to all. Stay safe.

Your Committee

Can we keep the lights on?

THIS is the theme of our December meeting speaker, technocrat Alan Lawrenson, author of the best-selling book, *Australia's Looming Energy Crisis*.

A popular speaker to Probus and Rotary clubs, Alan takes an apolitical journey State by State through the opportunities of Australia's energy transition as well as looking at the considerable challenges that we as a nation must face.

Join us on December 9 at the Bondi Room as usual, from 10.15am.

Bring your guests. And don't forget the optional lunch at the same venue from 12pm.

Fish 'n' chips at Watsons Bay

IT WAS a glorious day as we gathered at Doyle's on the Wharf for an outing organised by Eva. The trouble was that Eva wasn't there. Turns out she had a fall and went to hospital for multiple checks. Fortunately, she's a tough cookie and all is OK.

Everyone loves to go travelling

THAT was certainly the mood of everyone after last month's talk by Abbey Ridley from On Course Tours and Travel.

Abbey cheerfully overcame some technical difficulties with the screen presentation but left us all thirsting for more details as she outlined a vast range of trips and tours specifically designed for Probus members, whether travelling in club groups or as individuals or couples.

Your committee was particularly interested in the process by which a club like ours can be allocated a regular travel agent who would deal with our questions each time and help in finding other Probus members from other clubs to fill a tour for which we might not have the numbers.

Annette and Sylvia are investigating what this club might like to present to members for some exciting travel options next year. Watch this space. In the meantime, you can check out for yourself at: <https://oncoursetours.com.au>

Your Dec/Jan Calendar
